Statement of Attainment

HLTAID006: Provide advanced first aid

Includes:

HLTAID001: Provide cardiopulmonary resuscitation

HLTAID002: Provide basic emergency life support

HLTAID003: Provide first aid

This Unit of Competence (UOC) provides participants with the knowledge and skills required to provide an advanced first aid response, including management of the incident and other first aiders until the arrival of medical or other assistance.

This unit applies to workers who may be required to provide, coordinate and manage a first aid response across a range of complex situations, including both work and community settings.

There are five essential outcomes to this UOC:

1. Respond to an emergency situation
2. Apply appropriate first aid procedures
3. Coordinate first aid activities until arrival of medical assistance
4. Communicate details of the incident
5. Evaluation own performance

- **TRAINING DURATION** 8 hours face-to-face training session – with current Provide First Aid HLTAID003 certificate

If no current first aid certificate: 16 hours face-to-face training

- **QUALIFICATION DURATION** Reassessment recommended every 3 years

- **ASSESSMENT REQUIREMENTS** At completion of face-to-face training, each participant will be required to do:

1. **Theory Paper:** Multiple Choice questions (Selection from A, B, C or D).
2. **Resuscitation Practical.** Demonstrate competent resuscitation technique on a mannequin
Note: participants must undertake two minutes of continuous CPR on an adult manikin placed on the floor.

3. **Practical Scenarios.** Scenarios involve multiple casualties with a team leader coordinating the scene. Participants work in pairs, and demonstrate competent bandaging and slinging techniques in controlling bleeding and fracture management whilst under the supervision of the team leader
